

A000322717 Ross Moravec Lab 3 Steganography and Alternative Data Streams

1. Identify a file hidden in another file

- Step 15-16 (Opening the extracted file) – Page 19-20

The screenshot shows a forensic analysis environment. At the top, there's a navigation bar with 'MyNETLAB' and a breadcrumb trail: 'HOSTS1-POD04-NDG_Forensicsv2_FM > Reservation 23239 > Lab 10: Steganography and Alternative Data Streams'. A 'Time Remaining' indicator shows 0:39. Below the navigation bar, there's a 'WinOS' button. The main workspace is divided into two windows. The left window is a hex editor titled 'PlanC.jpg' showing a hex dump of the file. The right window is a picture viewer titled 'Exported picture.png - IrfanView' showing a black image with the text 'THIS IS MY SECRET MESSAGE. THEY WON'T EVER FIND THIS.' in white. The taskbar at the bottom shows various application icons and the system clock.

2. Review ADSs and identify hidden files within them

- Step 9-10 (Using dir /r to identify ADS files)

The screenshot shows a forensic analysis environment. At the top, there's a navigation bar with 'MyNETLAB' and a breadcrumb trail: 'HOSTS1-POD04-NDG_Forensicsv2_FM > Reservation 23239 > Lab 10: Steganography and Alternative Data Streams'. A 'Time Remaining' indicator shows 0:22. Below the navigation bar, there's a 'WinOS' button. The main workspace is a desktop environment with various application icons. A command prompt window is open, showing the following commands and output:

```
Select Administrator: Command Prompt
E:\FOR_LAB_010\ADS\Exercises>dir /r
Volume in drive E is Evidence Repository
Volume Serial Number is AE44-0427

Directory of E:\FOR_LAB_010\ADS\Exercises

08/12/2020 11:03 PM <DIR> .
08/12/2020 11:03 PM <DIR> ..
02/19/2025 00:24 PM 0 Legitimate_Program.exe
02/19/2025 00:24 PM 0 Legitimate_Program.exe:secret.exe:$DATA
02/19/2025 00:24 PM 0 Legitimate_Program.exe:secret.txt:$DATA
1 File(s)
2 Dir(s) 5,801,631,744 bytes free

E:\FOR_LAB_010\ADS\Exercises>
```

The taskbar at the bottom shows various application icons and the system clock.

3. Create ADS and file within a file

- Step 5 (Creating ADS using Type legitimate_program.exe > Legitimate_program.exe:secret.txt) – Page 24
- Step 6-8 (Opening and editing the hidden ADS file) – Pages 24-25
